CFA SOCIETY NETHERLANDS ANNUAL DINNER 2024 GEOPOLITICAL UNCERTAINTY

Join us on September 24th, for our Annual Dinner 2024. The theme of the Annual Dinner this year is Geopolitical Uncertainty. We are proud to announce our first speaker: **Louis-Vincent Gave** from research bureau Gavekal Dragonomics. Louis founded Gavekal in 1998, together with his father Charles and Anatole Kaletsky. Gavekal is now one of

the most relevant research bureaus worldwide, with a keen eye on geopolitical developments. Louis has written seven books, including most recently "Avoiding the Punch: Investing in Uncertain Times," in which he discusses how to build a portfolio in a time of increasing geopolitical uncertainty. During the Annual Dinner, Louis will be our guide in

the recent developments and translate those in a portfolio context for institutional investors. Louis will bring you new insights and make it an inspiring evening. We will announce our second speaker in a couple of weeks, so stay tuned.

Louis-Vincent Gave
