

Private Equity and Venture Capital Committee

Mission

The mission of the Private Equity and Venture Capital Committee, through the creation of a closely knit community of NL-based PE and VC professionals, is contributing to:

- The exchange and development of knowledge of the sector in the Netherlands
- Increased connections between the PE/VC community and institutional asset managers
- Stimulate discussion and analysis of PE and VC investments
- Provide networking opportunities to CFA Society Netherlands members
- Promote high standards of professional practice within the industry

Through its mission the Committee anticipates it will cover the entire breadth of PE and VC activity in the Netherlands, servicing the interests of as many stakeholders in the sector as possible. This will require drawing attention to the diversity of the sector in terms of investment style (VC, Growth, Buyouts and Special Situations), investor types (institutional, private) and target geographies (NL, Developed Markets, Emerging & Frontier Markets).

Events

The Committee will do this primarily by organizing events throughout the year on topics of interest to stakeholders in the industry, including investors, fund managers and support service providers. There will also be opportunities to arrange joint events with other committees of CFA Society Netherlands as well as other professional bodies outside of our Society.
