Program Committee

The Program Committee organizes events of interest to members. Approximately 25 events are organized on an annual basis. Some of these are organized by the various professional committees.

The Program Committee ensures that the events are organized down to the last detail. It is the first point of contact for speakers, arranges the location and ensures a varied selection during the association year. They also monitor the quality of the events and see if both theory and practice around a topic is well highlighted.

The events provide an ideal opportunity for 'networking'. The PC therefore stimulates the social aspects of the meetings.

Committee members

Okko Rabeling, chair

Carla Buijink

Muriël Freriksen

Haitse Hoos

Michel van Mazijk

Lex van der Sommen

Daan van der Tuin

Wynand van der Zandt
