

Committee Responsible Investing

The mission of the Committee Responsible Investing (CRI) is to integrate environmental, social and corporate governance (ESG) considerations and information in the investment process. CRI promotes the inclusion of ESG in education programs at various levels.

CRI has had on average eight members since the committee was founded in 2000 until a few years ago when this interest in ESG. This number has increased to fourteen members due to the increased interest in ESG. A group of twelve to sixteen members allows to be a bit less active during a limited period, for example when transferring to another job. It also provides the opportunity to have a broader stakeholder representation and it increases the network of CRI in times that most members work from home.

CRI organizes two to three events every year, preferably in [co-operation](#) with another committee as the events aim to provide practical steps for ESG integration. After every [event](#) CRI aims to publish an article in [external sources](#) and the [VBA Journaal](#). The next event is on [impact investing in public markets](#).

CRI holds hybrid committee meetings five times per year. The committee has been approached to advise regarding regulation applicable to ESG matters on several occasions.
