Join us on September 24th for our Annual Dinner 2024. The theme of this year's Annual Dinner is Geopolitical Uncertainty. We are proud to have as our keynote speakers **Dr. Alexandra de Hoop Scheffer** from the think tank German Marshall Fund of the United States (GMF) and **Louis-Vincent Gave** from the research bureau Gavekal Dragonomics. Alexandra is Senior Vice President and member of the

executive team of GMF. She is a renowned expert in European affairs, transatlantic relations, and geopolitics. Prior to joining GMF in 2012, she held several advisory positions in the French government, academia and international organizations (NATO and United Nations). Louis founded research bureau Gavekal in 1998, together with his father Charles and Anatole Kaletsky. Gavekal is now one of the most

relevant research bureaus worldwide, with a keen eye on geopolitical developments. Louis has written seven books, including most recently "Avoiding the Punch: Investing in Uncertain Times". Expertly moderated by **Marije Groen**, our speakers will guide us through the current environment of increasing geopolitical uncertainty and how to navigate this in an investment portfolio context.
